

Strataview Step 6 ft Bench

Model Number

SVSB-72-42 (6 ft)

After years of client requests for a bleacher-style bench, the solution has finally arrived. Inspired by the vision of a forward-thinking Landscape Architect, the Strataview Step Bench brings elevated seating to a whole new level—literally. This three-tier rectangular bench comfortably seats up to six adults, providing a clear vantage point for watching a game or waiting for your turn. Its stepped design offers improved sightlines and a cleaner, more organized seating area, making it an ideal addition to pickleball courts, tennis venues, or other small-scale outdoor gathering spaces. When arranged in groups of three or four, the Strataview Step Bench can be configured into a gentle curve, creating an intimate amphitheater-style layout for parks, schools, or community hubs.

Crafted for the demands of public spaces, the bench features a fully welded marine-grade aluminum frame with Super Durable Powder Coating for maximum resistance to the elements. Paired with a recycled plastic seat surface, it delivers unmatched durability and virtually no maintenance—without sacrificing comfort or style.
