

# Vincent Backless Bench

Model Number

6 ft: VSB-6  
5 ft: VSB-5

We collaborated with landscape architect (Dylan Chernoff @ DKL Durante Kreuk), on this new design that we call, The Vincent. He liked the angles of our Rutherford picnic table and the finished clean look of the ends our Bayside Park Bench yet felt that neither design would be strong enough for the high use and high impact application it was intended for. We considered various options. In areas where the products were going to be installed, there was high likelihood that they would be "grinded" by the local skateboard community. It is for this reason the built-in skate blocks play a large part in this design. They help to protect the product while not compromising comfort. Product branding was also important. A metal transition piece was attached between the leg supports that could be labeled or routed for this purpose. In our landscape architect's case, it was the name and logo of the university which added the perfect finishing touch. The Vincent design exemplifies our ability to partner with our clients, and that by joining forces as a team, accomplish more than on our own.

## Material Specifications

Marine Grade Aluminum Frame  
Stainless Steel Hardware  
Super Durable Powder Coating  
100% Recycled Plastic Slats  
Western Red Cedar  
Modified Pine

## Recycled Content

Recycled Content by Weight: 61%  
100% Recyclable

## Customized Solutions

Custom Powder Coating (Setup Charges May Apply)  
Custom Lengths up to 8ft  
Set of two weld-on armrest  
Weld-on center armrest  
Custom C&C Branding on the Leg Ends  
Direct Burial Legs  
INST-1.5 Stainless Steel Bolt-Down Kit

## Product Dimensions

Total Height: 18 inches / 46 cm  
Total Depth: 18 inches / 45 cm  
Seat Height: 18 inches / 46 cm  
Seat Depth: 18 inches / 45 cm  
Length: 72 inches / 183 cm  
Weight: 88 lbs / 40 kg

## 100% Recycled Plastic Lumber Colours

## Unstained Natural Wood Alternatives

## OVER 30 STANDARD POWDER COATING COLOURS
