

# Vincent Picnic Table

Model Number

VPT-6  
VPTWC-8  
VPTWC-6

Working together with a landscape architect, we intentionally created this industrial-style picnic table so it could stand up to the wear and tear of high impact locations. In this particular case it was in a university setting. Careful attention was given to the structural integrity of the frame while trying to not compromise its aesthetic appeal in this environment. The Vincent Picnic Table creatively uses capped ends and skate blocks in its design for a stylishly rugged look and coordinates well with the companion Vincent Bench. Separated bench seats are worth noting; for comfort purposes they are 33% wider than our traditional bench seats. The seat mounting distance from the table is flexible for accessibility based on the user group. With no crossbar attaching them to the table, this design provides greater ease for people getting in and out. Finally, for maintenance purposes, this design is easier to clean in and around as there is access from all sides. We merge style with function and fused together, they create dynamic design.

## Material Specifications

Marine Grade Aluminum Frame  
Stainless Steel Hardware  
Super Durable Powder Coating  
100% Recycled Plastic Slats  
Western Red Cedar  
Modified Pine

## Customized Solutions

Custom Powder Coating  
(Setup Charges May Apply)  
Two Sided Aluminium Chess Board  
Wheel Chair Accessible One End (VPTWC-8)  
Hole in Table Top for Umbrella  
INST-13 Stainless Steel Bolt-Down Kit

## Recycled Content

Recycled Content by Weight: 64%  
100% Recyclable

## Product Dimensions

Total Height: 30 inches / 77 cm  
Total Depth: 72 inches / 183 cm  
Seat Height: 18 inches / 46 cm  
Seat Depth: 17.5 inches / 45 cm  
Length: 68 inches / 173 cm  
Weight: 288 lbs / 130.5 kg

## 100% Recycled Plastic Lumber Colours

## Unstained Natural Wood Alternatives

OVER 30 STANDARD POWDER COATING COLOURS
